The Jews must drop their

bigoted nationalism. Let

them forget they are Jews and

remember that they are men,

and M. G. Wells is a liar.

The Jew must learn that

all of the world is his

neighbor. If he wants to

be the neighbor of a

gentile he must learn

to respect the gentile.

The Jews are always

looking for a place where

The Jews must learn

THE JEWS

H.G.WELLS

is Wrong!

By Mrs. ROOSEVELT

The picture which Mr. H. G. Wells drew in last week's "Sunday Chronicle" of the relations of the Jews and other races was certainly one of the most shocking and

offensive which it is possible to conceive. Mr. Wells seems to have taken it for granted

that the Jews are a race distinct from all other races, and that they have no right to

live among other races. He seems to have forgotten that we are all members of the

same human family, and that we all owe each other a duty to promote the welfare of

every member of that family.

"The Jews are a race distinct from all other races," he says. "They are a race of their

own, with their own language, their own customs, their own institutions. They have

no right to live among other races, but must be kept apart from them."

This is a most absurd and unjust statement. The Jews are not a race distinct from all

other races. They are a part of the human race, and they have every right to live where

they choose. The Jews have been driven from their homes by a thousand tyrants, and

they have been persecuted by a thousand oppressors. They have been hunted from

place to place, and they have been forced to live in the most wretched misery. But

they have never been driven from their homes by tyrants, and they have never been

persecuted by oppressors. They have always been driven from their homes by a

thousand tyrants, and they have always been persecuted by a thousand oppressors.

The Jews are a part of the human race, and they have every right to live where they

choose. The Jews are not a race distinct from all other races. They are a part of the

human race, and they have every right to live where they choose.
